2. The site details (these are the details of the property we'll be working at)

Full address:

Postcode:

Contact name:

Contact number:

Is the property: a house? a flat? a commercial building?

If it's a flat or maisonette, which floor is it on?

Is the property listed or within a protected area? Yes No

Is the property a new build? an existing property?

If 'new' please attach a site plan of the surrounding area.
Tick if you have attached this.

3. Where would you like your new meter?

Write a brief description and draw a sketch – or attach photos when you send this form back to us.

4. How much gas will you need?

We will apply default gas use (hourly 60KW, yearly 16500KW) to domestic properties unless you tell us otherwise. For help with your gas use, please contact a Gas Safe engineer by visiting www.gassaferegister.co.uk.

Please give your hourly gas use:

Yearly gas use:

Are you planning to have a smart meter installed?

Yes

No

If you have answered 'Yes', we may have to visit you before giving you your quotation.

Which meter box would you like?

Built-in

Wall-mounted

Semi-concealed

Internal

Kiosk

The semi-concealed meter box does not allow for smart gas meters. If you will be having smart meters installed, you will need to provide your own gas-meter housing. Only select a kiosk if you need a gas supply over 65KW/hr

Please tick this box if you will be supplying the meter box or kiosk.

Zoom!

There in a flash

We work hard to make sure our response time to a gas emergency is just a matter of minutes.

Are there any obstacles along the proposed route?

Yes

No

(Things like a high wall, ramp, step, stream, change of levels, parking or access to the home can cause an obstacle.) If Yes, please give details below.

Will the work involve crossing private land you do not own?

Yes

No

If so, we'll need written permission from the land owner. If Yes, please give us as much information as you can on the land and the land owner below.

Does anyone living at the property have any communication, access, safety or other specific needs that we should be aware of?

Yes

No

If Yes, please give details below (for example, deaf, blind or partially sighted or has mobility issues.)

Is there anything else you think we should know?

We work with partner organisations approved by Ofgem, our regulator, to provide funding towards the costs of connecting to gas to eligible households. Our partner organisations may contact you on our behalf to discuss potential funding. We will give you information with our quotation on how to contact them. Information is also available on our website <http://www.utilities.co.uk/services/gas-connections/warm-home-assistance/>.

Please also see our privacy statement on how we protect your data.

5. Your signature please...

Don't forget to sign and date below! (Handy tip – for new gas supplies, you'll need to choose a gas supplier – they will then fit your new gas meter.)
