

1. The competition is coordinated by the [Energy Networks Association](#) (ENA) on behalf of the Gas Distribution Networks (GDN's) across Great Britain.
2. The competition asks students to produce an informative, accurate and eye-catching piece of media warning of the dangers of carbon monoxide (CO) poisoning and/or fumes and/or how to avoid them. Material about CO and how to avoid it can be found at <http://www.wvutilities.co.uk/services/safe-warm/carbon-monoxide/>
3. Students are eligible to enter the competition if they are currently in Key Stage 1 or Key Stage 2 at a school/organisation (which can include uniformed organisations such as Scouts, Brownies and Guides etc.) in Great Britain, or are 5 -11 years of age and home educated in Great Britain.
4. Students can use any medium (poster, video, short story, poem, model, painting etc.) provided it is the individual student's own individual and original work.
5. Entries must be submitted in the form of a JPEG photograph or coloured scan or as a link/attachment (if entry is in video or digital form), and emailed along with the student's name, age, teacher, school and post code to: [coschoolcompetition@energynetworks.org](mailto:coschoolcompetition@energynetworks.org) (1 entry per student per email)
6. Entries are required to be submitted by midnight Friday 5 May 2017.
7. There will be two winners in Wales & West Utilities area, one from each Key Stage 1 and Key Stage 2.
8. Winning entries will be judged on their creative merit and effectiveness of their carbon monoxide poisoning safety awareness message. Area winners will be judged by representatives from Wales & West Utilities between the dates Monday 15 May – Monday 29 May 2017. The national winner will be judged between the dates Monday 29 May – Monday 12 June 2017, by a panel of representatives from the four GDN's including an independent member whose name is available on request. The judges' decision on all matters will be final.
9. The area winners will receive £150 each and £300 for their school/organisation\*. The national winner will receive £300 for themselves and £600 for their school/organisation\*.
10. The area winners will be notified in writing to their school/organisation or home school contact by Monday 29 May 2017. The Wales & West Utilities area winners will be invited to attend a local prize giving ceremony facilitated by Wales & West Utilities before the end of summer term (dates TBC 2017) and then invited to a national award ceremony to be held at the Palace of Westminster, London in June 2017 (date TBC) where all winners will receive their cheque prizes and a national winner chosen from the pool of area winners, will be announced and awarded their prize.
11. The area winners will be publically announced via a local press release by 29 May 2017 and their entries may be put on display in the media or used to create further awareness. The national winning entry will be announced on the day of the national award ceremony at the Palace of Westminster, London in June 2017. This entry may also be put on display in the media or used to raise further awareness.
12. The competition is being sponsored by National Grid Distribution, Northern Gas Networks, SGN, and Wales & West Utilities.
13. Upon entry, all entrants agree that all copyright and other intellectual rights to the posters will become the property of the Energy Networks Association.

\* For those students home educated, parents can nominate either a school/organisation, Local Education Authority, or carbon monoxide safety charity to receive the winning prize for the 'school/organisation'.
